
Single Cores

Single cores are necessary for efficient use in switch cabinets wiring or cable assemblies. If PVC, Silicone, Fluorinated polymeric or Rubber insulated, with plain or tinned copper conductors, HELUKABEL® has an extended stock with nearly all popular colour combinations.

We produce special colour combinations upon request. For all two or three coloured combinations please take our program for vehicle cables (pages K 4 - K 8).

The dispatching is effected in cardboard boxes, coils, non-returnable reels or in cardboard barrels. Several sizes of reels or barrels are available.
