

# Special cable

**The expanded cable range – designed and manufactured exactly to your requirements.**

In the Special Cable Department, specific solutions are designed for Customer special requirements and later application.

'Made-to-measure' cables can be designed, constructed and produced in collaboration with the factory in Windsbach.

All Customer requirements, from standard to 'high-tech' applications can be supported here – whether for: Construction, Labelling and sheath colour, Insulation material, Sheath material, Type of screening, Number of wires and cross-section, Dimensions etc.

HELUKABEL® is the right company to turn for all your requirements. Try us.
