For Cross-Over Color Code, add a "-CC" suffix (e.g. MDE45-8MP-2M-CC). Other cable lengths are available. Please consult the factory.

## Specifications:

Body: Oil Resistant Black PVC  
Yellow PUR

Insulator: Polyamide

Contacts: Copper Alloy with Gold Plating

Coupling Nut: Nickel Plated Brass

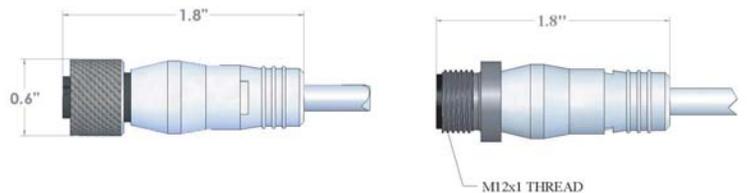

Cable: See Page 121 for specs.

Protection: IP 67

Approvals: U.S.: UL Recognized  
Canada: C-UL Recognized

# Ethernet Series Etherlink V3 Field Wireable

## Male Plug

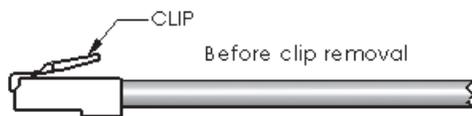

Etherlink V3 Field Wireable Male Plug			
Front View	# of Poles	Part Number	Side View
	8	E45V3-8MP-FW	

### Specifications:

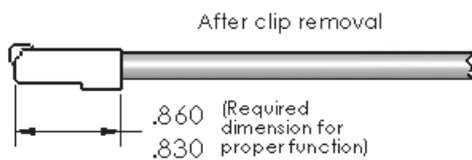

Body: Black Polyamide  
 Coupling Nut: Black Anodized Aluminum  
 O-Ring: BUNA-N  
 Grommets: NBR & TPE  
 Protection: IP 67

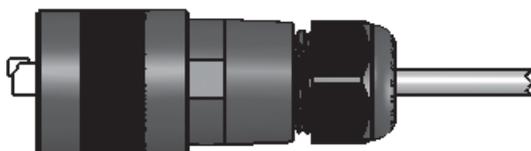

It is recommended that quality Mencom cables are used with the field wireable connectors to assure an accurate fit. However, if using another brand, the dimensions of the connector must meet the dimensions shown below.

STEP 1.) Remove clip by cutting or by bending it back and forth until it breaks.

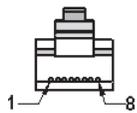

STEP 2.) With connector unassembled, push cable through dome nut, split apart the grommet and wrap it around the cable, then push the cable through the remainder of the connector.

STEP 3.) Push grommet back into the "fingers" of the shell. Rotate cable 90 degrees and pull it back into connector until it stops. With slight tension on cable, tighten dome nut (3.75Nm recommended).

## Complete Ethernet Connection System

Ethernet has become a more popular and accepted method of communication on the industrial plant floor. Mencom now offers a complete connection set that allows use of standard double-ended Ethernet cables.

### Part Number: RJ45-CKIT

### Part Number: RJ45-CVKIT

These units are designed to be used with Mencom RJ45 Patch Cords.

- Part Numbers: RJ45-03 3 foot patch cord
- RJ45-07 7 foot patch cord
- RJ45-10 10 foot patch cord
- RJ45-15 15 foot patch cord

Other lengths are available, please consult the factory.
